

Dino Egg

Materials

- Water
- Glue
- Newspaper
- Balloon
- Scissors
- Brush
- Paint

Step 1:

Make a thin water and glue mixture. Stir until well mixed.

Step 2:

Tear newspaper into strips, about an inch thick.

Step 3:

Blow up a balloon. Dip the strips into the mixture and place it all around the balloon.

Step 4:

Leave your egg to dry overnight.

Step 5:

Get creative and decorate your egg using coloured paint!

Step 6:

Once dry, pop the balloon, pull it out and cut a zig zig line around your egg. Ask an adult for help.

Finished!
