## Pumpkin Stickers

Cut out all the pumpkins and then have your preschooler color them in and help Milli fix the patterns on the following pages.

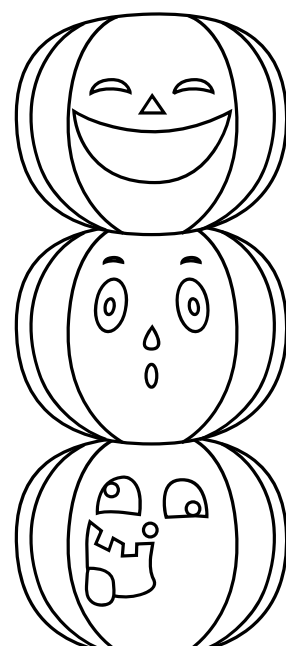

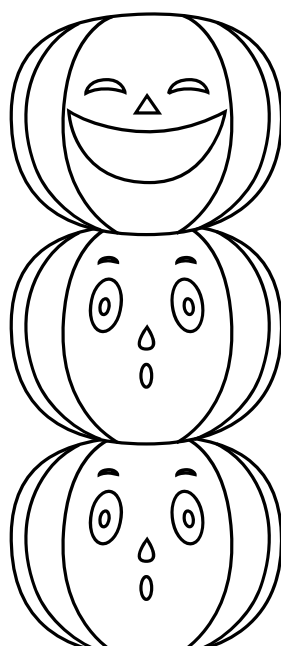

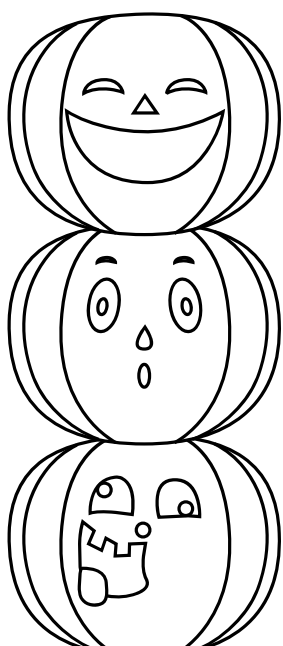

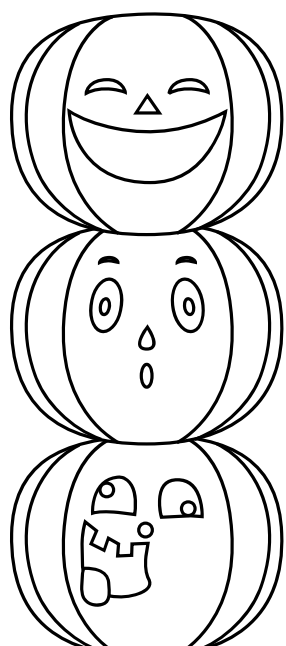

# Milli's Pumpkin Pattern Pack

Hey Umifriend! These pumpkins have a problem with their pattern and we need **YOUR** help. Can you find which pumpkin doesn't fit the pattern?

The pattern should go like this:  
happy, surprised, silly, happy, surprised, silly.

Fix the pattern by placing a sticker with the correct face on top of it. Then, color in the pumpkins!

Umifriend, these pumpkins need help, too!  
Can you find which pumpkin doesn't fit the pattern?

Their pattern should go like this:  
happy, spooky, silly, happy, spooky, silly.

Fix the pattern by placing a sticker with the  
correct face on top of it. Then, color in the pumpkins!

Now try making your own pumpkin patterns!  
Color in the pumpkins any color you want  
and draw faces for them.

You can also make patterns with the stickers.  
Great pattern-making, Umifriend!
